Additional Information About Rights and Services Under the McKinney-Vento Act

Children and youth experiencing homelessness face unique challenges in accessing and succeeding in school. Subtitle VII-B of the McKinney-Vento Homeless Assistance Act, reauthorized in 2015 by Title IX, Part A of the Every Student Succeeds Act (42 U.S.C. § 11431 et seq.; hereafter the McKinney-Vento Act), establishes the definition of homeless used by U.S. public schools, and the educational rights to which children and youth experiencing homelessness are entitled.

What is the McKinney-Vento Homeless Definition?

The term “homeless children and youth”:

A. means individuals who lack a fixed, regular, and adequate nighttime residence...; and

B. includes —

- i. children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;
- ii. children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings...;
- iii. children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- iv. migratory children...who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii)

What rights do students have under McKinney-Vento?

The right to immediate enrollment depending on available seats.

- A school must immediately enroll a homeless student, even if the student does not have documents normally required for enrollment, such as academic and medical/immunization records or proof of residency. Once enrolled, the Homeless Education Liaison of the school must help the family obtain the necessary records and/or immunizations.

The right to choose what school to attend.

- Students have the right to continue attending their “school of origin”. The “school of origin” is the school where the child or youth was last enrolled or the school the child or youth was attending when s/he became homeless. The school district shall keep a student in the “school of origin” unless it goes against the wishes of the parent. The student also has the option of enrolling in school where he is currently living.
- When a school is requested by the parent, the district must provide the parent with a written explanation of the decision, which includes the right to appeal the decision.
- The school district must make placement decisions based on the best interests of the student.
- If a student obtains permanent housing during the school year, the student has the right to stay in their current school until the end of the school year.

Under the Act, every school district is required to have a Homeless Education Liaison. It is the job of the Liaison to ensure that homeless students have the same opportunities as all other students, which includes ensuring that homeless students are able to attend school, arranging for transportation in a timely manner, keeping the school staff informed of the rights of homeless students and providing appropriate referrals to service providers. School Enrollment and Services for Foster Care Students

Under Texas law, students in foster care are entitled to immediate enrollment when arriving at a new school or district — regardless of whether they have the necessary documentation and paperwork. Enrollment at UTTUA depends on available seats and disciplinary history. CPS caseworkers are required to enroll a child in school within three (3) school days of the child either: a) being placed in CPS custody; or b) moving to a new school or placement. The caseworker then has up to 30 days to provide all necessary enrollment paperwork to the new school.

Follow up to ensure a student:

- Has his or her records requested and received;
- Is placed in the appropriate grade level and classes;
- Receives his or her books; and
- Receives special education services, if appropriate.
