

Sec. 1. PREKINDERGARTEN PROGRAMS

NOTE: Any references in this policy to prekindergarten programs shall only apply to UT Tyler University Academy if UT Tyler University Academy open-enrollment charter contract issued by the State of Texas authorizes UT Tyler University Academy to operate a prekindergarten program.

The education of students with disabilities can be made more effective by providing incentives for whole-school approaches, scientifically-based early reading programs, positive behavioral interventions and supports, and early intervening services to reduce the need to label students as disabled in order to address the learning and behavioral needs of such students.

20 U.S.C. § 1400(c)(5)(F).

In implementing coordinated, early intervening services, UT Tyler University Academy may carry out activities that include:

1. professional development (which may be provided by entities other than local educational agencies) for teachers and other school staff to enable such personnel to deliver scientifically based academic instruction and behavioral interventions, including scientifically based literacy instruction, and, where appropriate, instruction on the use of adaptive and instructional software; and
2. providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction.

20 U.S.C. § 1413(f)(2); 34 C.F.R. § 300.226(b).

An early intervention service (including a response-to-intervention or (RTI)) process cannot delay the initial evaluation for special education services of a student suspected of having a disability. A parent may request an evaluation at any time to determine whether the student is a student with a disability. If a parent requests an evaluation and UT Tyler University Academy agrees that the student may be eligible for special education, UT Tyler University Academy must evaluate the student. If UT Tyler University Academy denies the parent's request for evaluation, UT Tyler University Academy shall provide notice to the parent explaining the basis for the refusal. The parent may challenge the refusal to evaluate through the impartial hearing process.

20 U.S.C. § 1413(f)(3); 34 C.F.R. § 300.226(c).
