

# 2022-2023 UTTUA Campus Continuous Improvement Plan

#### **STATEMENT OF PURPOSE**

The UT Tyler University Academy is a public university charter laboratory STEM Academy authorized to provide K-12 educational programming.

#### **VISION STATEMENT**

The UT Tyler University Academy seeks to be a national model for STEM education innovation as a STEM Academy and University Laboratory School.

#### **INSTITUTIONAL MISSION**

The UT Tyler University Academy prepares students to be STEM College Ready with a focus on 21st Century skills.

#### **INSTITUTIONAL GOALS**

- I. UTTUA will be a model STEM Academy preparing students for the 21 st Century.
- II. UTTUA will be a model for blended learning and project-based instruction so that learning is rigorous and relevant.
- III. UTTUA will be a model for individualized, collaborative, accelerated learning that prepares students to be STEM College ready.
- IV. UTTUA will be a model for STEM Education and the implementation of Project Lead the Way in Texas at all grade levels.
- V. UTTUA will be a model for university laboratory schools to prepare the STEM Teacher workforce, in-service and pre-service.
- VI. UTTUA will be a research and development laboratory to identify and verify best-practices in STEM Education.

#### COMPREHENSIVE NEEDS ASSESSMENT AND CAMPUS IMPROVEMENT PLAN PROCESS

UT Tyler University Academy at Palestine engages with a variety of stakeholders in the development of the Comprehensive Needs Assessment and Campus Improvement plan.

- <u>Data Gathering:</u> The Campus collects data from a variety of sources, located in the Comprehensive Needs Assessment Data document, to identify strengths and weaknesses.
- Meetings: Members are selected to serve on the Campus Improvement Plan through volunteers, recommendations, and identification of people representing various stakeholder groups. (See page 5 for a listing of members). Meetings were held on June 20, 2022 and June 24, 2022. Periodic reviews and revisions will be done through formative and summative evaluations tentatively scheduled for November 2022, March 2023, and June 2023.
- Needs Assessment: After meetings with decision-makers, the needs assessment is summarized and documented within the Campus Improvement Plan. After state assessment scores are made available, the needs assessment is further refined to include this data. See page 30 for a detailed review of the processes utilized.
- <u>Campus Plan:</u> The Campus Improvement Plan is developed based on the strengths and weaknesses identified in the needs assessment. In the late spring/early summer, the Campus Improvement Plan is written.

#### **DISTRIBUTION**

- <u>Campus Improvement Plan:</u> The Campus improvement plan is posted on the website in both English and Spanish at <a href="https://www.uttua.org/district-information/improvement-plans">https://www.uttua.org/district-information/improvement-plans</a>. The plan is reviewed with parents and families at the beginning of the year and presented to the School Board prior to the beginning of the school year. If the Campus Improvement Plan is not statisfactory to parents, the school will submit any parent comments on the plan when the school makes the plan available to the LEA. Hard copies are also available at the campus upon request.
- <u>District Improvement Plan</u>: The DIP is posted on the website in both English and Spanish at https://www.uttua.org/district-information/improvement-plans. Hard copies are also available at the office of each campus upon request.
- <u>District Parent and Family Engagement Policy:</u> The PFE policy is posted in both English and Spanish on the website at https://www.uttua.org/district-information/school-board. Hard copies are also available at the campus upon request.

- <u>Campus Parent and Family Engagement Plan:</u> The campus Parent and Family Engagement Plan is located in the Campus Improvement Plan, and is developed with and agreed on with parents.
- <u>Title 1, Part A Plan:</u> The Title I, Part A Plan will be included in the Campus Improvement Plan.
- <u>School-Parent Compact</u>: A hard copy of the campus School-Parent compact is distributed to families each year, and is also available on the campus website. The School-Parent Compact is revised annually with assistance of parents. Elementary campuses: the compact will be discussed during parent-teacher conferences (minimum of one per year).
- <u>Translations:</u> These documents are provided in English and Spanish. Should another language be needed, please contact the campus office for assistance.

#### **POVERTY CRITERIA**

UT Tyler University Academy determines Title I eligibility by utilizing the self-reporting of Supplemental Nutrition Assistance (SNAP), Temporary Assistance to Needy Families (TANF), and household income.

#### **SCHOOLWIDE PROGRAMS**

UT Tyler University Academy at Palestine is the only Title 1 campus within the district. The Title 1 program helps children served under Title I, Part A to meet the challenging State academic standards by providing after-school enrichment opportunities for students, professional development to teachers to increase student achievement, targeted interventions for students through the use of intervention staff, student school supplies, and community outreach to support connections between the school, home, and community.

UT Tyler University Academy at Palestine will identify and address any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers by reviewing teacher certifications, teacher evaluations, state assessment data, and through the comprehensive needs assessment.

## **School Board Members**

Dr. Michael Odell	Dr. Gina Doepker
Dr. Dominick Fazarro	Dr. Joanna Neel
Mr. Eric Semlear	Mr. Jeffry Kennemer
Mr. Alan Buckland	Faculty Advisor: Dr. Wes Hickey

## Continuous Improvement Plan Committee

Jo Ann Simmons, Superintendent	Ummi Bodede, Campus Director
Kris Fischer, Instructional Coach	Nanceen Hoskins, Teacher
Craig Allen, Community Member	Jessica Gleason, Business Representative
Linda Asby, Community Member	Jenny Calk, High School Teacher
Lisa Tang, Community Member	Candy Bowman, Palestine Parent
Ashley Ford, Paraprofessional	Kelli Harris, Paraprofessional

# UT Tyler University Academy Campus Goals

Goal 1: At UT Tyler University Academy at Palestine, all students will meet, or master, state standards through a STEM lens while maintaining progress to become University ready.

Goal 2: At UT Tyler University Academy at Palestine, a safe and orderly school climate will be provided, together with a positive learning environment, for all students and employees of the district.

Goal 3: At UT Tyler University Academy at Palestine, partnerships between the school, home, and community will be promoted to ensure a quality educational experience.

Goal 4: At UT Tyler University Academy at Palestine, the district will promote high quality, ongoing professional staff development and strategies to maintain highly qualified teachers.

**Goal 5:** At the UT Tyler University at Palestine, the district will provide state of the art university lab facilities to support K-12 grade learning focusing on STEM education and university readiness.

## Comprehensive Needs Assessment

#### **Demographics**

#### **Demographics Summary**

When looking at our teacher-student ratio, our K-6 ratios are slightly higher than the state average, but in our STAAR tested grades we continuously outperform the state who has a lower teacher-to-student ratio. When looking at the teacher/student ratio in grades 7-12 we have a slightly lower average than the state, yet we continue to outperform the state on STAAR assessments. Our student-teacher ratio is not a significant determining factor in our assessment scores.

We serve .0484 market share of the school age population in Palestine, with 13 grades (K-12) with 12 teachers not including PE/ART or aides, making it a .85 teacher per grade served. (Market share) Palestine serves 4 times as many of the school age population.

It is interesting to note that when looking at the at-risk student population, our 3rd-grade students across the district have the highest number of at-risk students in regard to the total number of students in that grade level. This is the group that was in 1st grade in 2020. How can we be strategic in addressing these numbers? Also, we have over half of our students in first grade in Palestine at risk, which is alarming and a high area of concern. When looking at our student population, we have a majority of students who are white, so we should consider plans for recruitment in order to diversify our population.

Our enrollment has stayed steady over the last three years, but there is a need to increase the retention of our high school students because that is where we tend to see a drop in enrollment.

#### **Demographics Strengths**

- 1. 11 of the 2nd-grade students are considered at risk (currently enrolled 20)
- 2. A good representation of female and male students, almost half and half.
- 3. Enrollment numbers have stayed consistent over the past three years.

#### **Problem Statements Identifying Demographic Needs:**

- 1. There is a need to increase the diversity of our student population.
- 2. There is a need to support our Title I families with basic school supplies
- 3. There is a need to increase the retention of our high school student population.
- 4. There is a need to decrease the number of students at risk in last year's third graders.

#### **Technology**

#### **Technology Summary**

Technology provides student and staff devices, online accounts, online and in-person support, maintains a working Wi-Fi network and monitors filters. These services provide increased engagement and availability of technology resources in the classroom. Support in implementation is needed to ensure the availability and useability of technology in the classroom. A serious need for Campus to increase the bandwidth and possible mobile testing Chromebook carts for 8-12 secure testing. Overall, HS and MS, and upper elementary staff and students utilize technology in all aspects of learning. At the beginning of the year, 3rd-grade students need additional support for students to learn Schoology. The Campus plans to provide training in the fall for teachers in elementary over Schoology, so that they may start using the platform more in K-2 to help this transition. The Campus will employ district help in providing SMARTBoard training sessions early in the school year to meet our new teachers that need to be up to date.

#### **Technology Strengths**

- 1. Continued growth on successful technology deployment and implementation in the classroom.
- 2. Improved

#### **Problem Statements Identifying Technology Needs:**

- 1. There is a need as more resources are moving to and growing in online presence there is an increased need for additional network capacity.
- 2. There is a need as new teachers are added, there is an increased need for training in online programs.

#### **Student Academic Achievement**

#### **Student Academic Achievement Summary**

Based on the data, our math content area is a focus for improvement. The sub-populations of Hispanic students are also a focus within the math content area. There is not a significant difference in attendance based on sub-population with most averaging attendance in the low 90s. Campus does not have any dropouts reported. The majority of students who are coded as at-risk are due to not achieving, but meets standards on the STAAR assessment. To support the academic achievement of students in math, the district is Implementing IXL/ST Math and providing professional learning to 3-8 math teachers throughout the school year with two pull-out days as well as the first-semester bi-weekly professional development sessions via zoom for an hour. In ELAR, the campus implements summer reading, as well as implementation of Lexia throughout the school year. In 8th-grade Social Studies, there has been a continued need to require extra support in classroom material and curriculum resources. This data showcases that our work towards supporting all sub pops during intervention using online software programs that meet each student's functional level coupled with face-to-face small group instruction builds a solid foundation for each content area. The implementation of an RTI process, HB4545 tutorials, Targeted small groups interventions, and parent meetings with Emergent Bilingual families have also supported the student achievement on our campus STAAR data for the 2021-2022 school year was used to focus on Student Academic Achievement.

#### **Student Academic Achievement Strengths**

- 1. RTI process is in place to monitor individual student progress.
- 2. The Campus is graduating all of the seniors with no drop-outs reported.
- 3. Implementation of NWEA MAPS for more cohesive longitudinal data points for a student's overall success at UTTUA.
- 4. One-to-one takes away some of the barriers for the economically disadvantaged student.
- 5. Implementation of a district-wide summer reading program to decrease the effect of the summer slide.
- 6. Implementation of grade level, vertical content, and horizontal content level PLCs to support academic achievement.
- 7. UTTUA instructional model meets the needs of all students through PBL, PrBL, BL, and dual credit.
- 8. UTTUA has multiple online platforms that provide instruction to students at their functional level.
- 9. ALearning Management System provides clear communication to students and parents on the student's academic progress.

#### **Problem Statements Identifying Student Academic Achievement Needs:**

#### **Curriculum, Instruction, and Assessment**

#### **Curriculum, Instruction, and Assessment Summary**

As a university charter school, UTTUA is committed to implementing research-based instructional strategies. The charter utilizes Project-Based Learning (PBL) and Problem Based Learning (PrBL) models while focusing on personalized instruction to develop students with 21st Century skills who are university-ready upon graduation. The University Academy follows the T-STEM Academy Blueprint and is a demonstration site for Project Lead the Way (PLTW). The schools have developed STEM Pathways (Engineering and Biomedical Science) which all students follow, preparing them for rigorous coursework in STEM majors at the university level and ultimately, STEM-related careers. As a public charter school, UTTUA implements the Texas Essential Knowledge and Skills and the district created scope and sequences for each content area K-12. The district provides many resources per content area, however, teachers are responsible for creating their own student-centered lessons, including PBL, PrBL, and designing their own personalized learning instructional models. Teachers are given frequent feedback through the district coaching model. The district utilizes benchmarks a year (fall and spring), Pre- and Post-Assessments, NWEA MAPS, and CDAs. Students are given the opportunity to enroll in dual credit courses starting their freshman year and are able to receive up to 42 credit hours of dual credit course work.

#### **Curriculum, Instruction, and Assessment Strengths**

The instructional model is a strength due to the student-centered model that focuses on 21st-century skills, including problem-solving and real-world applications while meeting students exactly where they are. Student progress monitoring for 2021-2022 is a strength in the fact that students' needs are met based on their functional level and the curriculum team along with teachers are able to adequately track if individual students are on track for meeting progress for the year. The multiple types of assessments students are given from STAAR like assessments to even more rigorous assessments, to projects/problems, to exact time software assessments is a strength in the fact that students are able to showcase their knowledge in multiple ways and teachers are better able to assess where students strengths/weaknesses lie. The instructional model along with the assessments are strengthened by the district coaching model which provides ongoing professional development, real-time feedback, and support in planning and implementing the curriculum while ensuring the instructional model is being implemented with fidelity.

#### Problem Statements Identifying Curriculum, Instruction and Assessment Needs:

- 1. There is need to train and support our new teachers on the PBL model as well as expand our PLTW student offerings or options
- 2. There is a need to identify resources that need to be required for each grade level/subject as opposed to suggested in the past.
- 3. There is a need to create more consistency in the rigor cross-content from campus to campus and classroom to classroom.
- 4. There is a need to streamline resources for teachers and simplify the curriculum documents for teacher use and implementation.

#### **School Culture and Climate**

#### **School Culture and Climate Summary**

Programs that support students at their functional level using personalized learning are upheld. As a team, we select a high-quality curriculum and track student data and progress through student progress measuring sheets. Training is offered through PD and PLCs throughout the school year. Targeted data plans are created for early intervention for at-risk students by transfer of the student progress measuring sheets. After benchmarks are taken there are specific plans each teacher puts in place to address weaknesses in standards and often support staff is brought in to help with small group instruction.

Overall, the students feel that the staff cares about them and supports them with their academic learning. The overall perception from student and teacher surveys is positive. It is evident from the student surveys that students generally have a good rapport with their teachers on campus. Based on the survey results, a majority of the students are not offered or do not participate in enrichment activities. Students also do not feel that they have been given an opportunity to learn about course offerings for the next grade level. From the survey results, staff feels a need for resources for crisis or emergency response situations. District expectations in regards to academics are that students will be provided a high-quality education taught through PBL, PrBL, BL, and Dual Credit. Students' individual learning needs will be addressed through differentiated learning and a variety of learning opportunities. It is expected that high expectations are held for students on campus to promote a safe and supportive learning environment. In the event that a student is not following expectations, consequences aligned to the behavior will be implemented and instruction with the student on expected behaviors will be implemented.

#### **School Culture and Climate Strengths**

- 1. Overall perception from student/teacher surveys is positive.
- 2. Planned ways to support campus cultures through recognitions, celebrations, etc.
- 3. A limited number of discipline referrals on our campus.
- 4. Students have a good rapport with their teachers.
- 5. Students feel that they are supported academically on our campus.

#### **Problem Statements Identifying School Culture and Climate Needs:**

- 1. There is a need to increase opportunities for students to engage in PLTW options as well as enrichment activities.
- 2. There is a need to increase communication of course offerings to students, emergency/crisis resources to staff.

MP = Met Progress

PM = Progress Made, Working Toward Completion

NP = No Progress

3. There is need to increase students expectations of goals and achievement

#### **School Context and Organization**

#### **School Context and Organization Summary**

We are a safe orderly school that allows multiple opportunities for all stakeholders to be involved. When creating schedules, one is built for the overall needs of our students, because our size does not allow for multiple schedules. The curriculum team assists in the creation of the schedule by deciding on an adequate time for each content course. Campus relies on Teacher input whenever possible and applicable through surveys and PLC meetings. The district implements assessments to identify students' academic progress. Teacher input is elicited for end-of-unit exams and CDAs. The district looks for ways for stakeholders to provide input through parent/student/teacher surveys, the ability to attend board meetings via Zoom, the opportunity to comment to the board at board meetings through a sign-up, service on campus, and district committees such as the Design Team and District Improvement Committee, and informational Zoom meetings scheduled periodically throughout the year on a variety of topics. The curriculum team and instructional technology team provide resources to assist students with academic performance. When disciplinary action is needed, the campuses utilize classroom infraction sheets for minor class issues, and classroom interventions and the campuses follow the Student Code of Conduct when evaluating the disciplinary infractions. We will proactively implement the Leader in Me program to build leadership capacity of students which in turn increases student ownership, and utilizes restorative practices. The school buildings are at max capacity, and as the organization continues to grow, there will need to be additional space for classroom instruction within the building.

#### **School Context and Organization Strengths**

1. Campus safety / we work diligently to create a schedule that maximizes our resources

#### **Problem Statements Identifying School Context and Organization Needs:**

- 1. While we each work in our own department it is important to see how we all connect to achieve student success.
- 2. There is a need for more space for classroom instruction in campus buildings.
- 3. There is a need to improve the safety and security of all students and staff.

#### Staff Quality, Recruitment, and Retention

#### Staff Quality, Recruitment, and Retention Summary

Teachers are recruited through various avenues, including the UT Tyler Job Portal, UTTUA Website, Region 7 Employment, TASA Job Portal, as well as through job fairs. The charter requires a Bachelor's degree for all teachers per state law, and certification for those in the core subject areas of Math, Science, English/Language Arts, and Social Studies. The charter works to employ certified teachers in all subject areas and actively promotes enrollment in an EPP/Intern program, either through UT Tyler's programs or outside providers. The charter boasts a competitive salary schedule that builds on experience, loyalty to the district, and promotion to Distinguished Teacher status. Teachers are provided competitive benefits, including free medical coverage for the employee and low-cost premiums for dependents. Full tuition scholarships are also provided to employees, their spouses, and dependent children. Employees are expected to pursue their Masters as part of their promotion plan to Distinguished Teacher. They have 8 years to complete this requirement.

Teachers are supported through an instructional coaching model. Benchmark and survey data help drive the need for continued improvement and professional development for teachers. The curriculum team evaluates student and teacher data to make recommendations for professional development to the Superintendent. Teachers complete year-end portfolios that are reviewed and assessed for areas of growth and assigned professional development based on those needs. Staff participates in various training including, New Hire and PBL training, Personalized Learning training, RTI training, Leader in Me training, security/safety/emotional trauma training, and content-specific TEKS training, as well as content-specific resources and technology support training.

Teacher retention rates have averaged around 78% over the past two years; 72% in 2019-2020 and 83.5% in 2020-2021.

Student-to-teacher ratios over the past two years have been 14.5:1 in 2019-2020 and 15.4:1 in 2020-2021.

#### Staff Quality, Recruitment, and Retention Strengths

- Embedded PLCs for the 22-23 school year with an emphasis on job-embedded professional learning.
- PLC training for PLC leads in 22-23
- Continued instructional coaching model, Benefit packages
- Promotion plan
- Continued education through the EdD program

• Campus culture play a large part in our recruitment and retention efforts

#### Problem Statements Identifying Staff Quality, Recruitment, and Retention Needs:

- There is a need to recruit teachers in high needs areas; Math, Science, CTE (engineering, computer science, etc.).Root Cause: Limited candidate pool in these certification areas as well in geographical location (Palestine in particular).
- There is a need to recruit qualified and experienced teachers in secondary subjects, particularly PE. Root Cause: Limited candidate pool in some subject areas and constraints in our campus schedules due to the number of sections and being K-12.
- There is a need to move from a PD model isolated in specific "PD Days" to a Professional Learning Model where job-embedded learning is teacher-centered, continuous, and content/instructional model focused.

#### Family and Community Involvement/Engagement

#### Family and Community Involvement/Engagement Summary

Family and community members are able to engage with the school through STEM nights, PBLs, field trips, participation in ARD meetings and 504 meetings, Board Meetings, Design Team, written communication in the preferred language, translators in ARD Meetings, free/reduced meals, special education, and 504 services. Communication with families occurs through conferences, emails, and online assignment/grade portals. Parents also have access to Schoology family accounts for class activities and grades, notification settings, and weekly emails with grades. Students served in special education receive progress reports toward annual goals concurrent with report cards. Students served through Dyslexia also receive progress reports in dyslexia protocol instruction concurrent with report cards. The Palestine Campus is the only fully funded Title 1, and Tyler is close to becoming a Schoolwide Title 1 Campus.

We keep documentation of all the required meetings and we have hosted 2 major meetings and monthly Campus parent meetings. The University Academy School-Parent Compact is an agreement between the school, parents, and students that firmly unites us. The School-Parent Compact was developed jointly and reviewed annually with school staff, students, and parents to improve student academic achievement. As a school community, University Academy will focus its School-Parent Compact on the academic standards to support all students and help them reach mastery or beyond in reading, writing, and mathematics. Below are ways each team member will be accountable in a partnership for helping to achieve the state's high standards.

The Curriculum Department handles MTSS (RtI) monitoring of student progress in the classroom setting. Campus Directors chair 504 committees that monitor student progress in students receiving services under 504. The Special Education department evaluates students for eligibility and maintains data for students with disabilities under IDEA. The Health Department ensures students are healthy and well enough to attend classes and that any limitations related to the State mandated health screenings are identified and proper intervention is secured.

#### Family and Community Involvement/Engagement Strengths

1. Strong attendance from parents in IEP/ARD/504 meetings.

#### Problem Statements Identifying Family and Community Involvement/Engagement Needs:

- 1. There is a need for improvement in communication in general with parents of students that are ESL in addition to those that are Spanish speaking.
- 2. There is a need to increase community engagement with PBLs.

### **Comprehensive Needs Assessment Data Documentation**

The following data were used to verify comprehensive needs assessment analysis:

#### **Demographics**

- TAPR 2020-2021
- PEIMS Data 2020-2021

#### **Student Academic Achievement**

- TAPR Report 2020-2021
- NWEA Maps Data 2021-2022
- Lexia and IXL data 2021-2022
- Benchmarks 2021-2022
- PEIMS Report 2021-2022
- Tutorial Logs
- RTI Process
- Parent Meeting Logs

#### Staff Quality, Recruitment and Retention

- TAPR 2020-2021
- Master Schedule 2021-2022
- Job Duties 2021-2022
- PLC Schedule 2021-2022

## Campus Goal #1: At UT Tyler University Academy, all students will meet or master state standards while maintaining progress to become University ready.

<u>Performance Objective A</u>: Embedded Staff Development will support 100% of students in each subgroup reaching approaching, as measured on STAAR Test.

<u>Performance Objective B:</u> Embedded Staff Development will support 60% of students in each subgroup reaching Met, as measured on STAAR Test. <u>Performance Objective C</u>: Embedded Staff Development will support 30% of students in each subgroup reaching Masters, as measured on STAAR Test.

Performance Objective D: Embedded Staff Development will support 100% of students meeting the Progress Measure, as evaluated on STAAR Test.

Campus Goal #2: At UT Tyler University Academy, a safe and orderly school climate will be provided, together with a positive learning environment, for all students and employees of the district.

Performance Objective A: The campus will provide ongoing principles and effective practices for school safety and security, measured annually on the safety audit.

<u>Performance Objective B</u>: The campus will maintain a continuous cycle of improvement through review and evaluation of the safe and orderly environment policy and procedures established, measured annually on the safety audit.

<u>Performance Objective C</u>: The campus will ensure the safety of all students, faculty, and staff by completing 100% of Campus Drills as measured in the year safety end report.

<u>Performance Objective D</u>: The campus will provide a healthy environment for all students, faculty and staff aligned with county and state COVID-19 Guidelines.

#### UT Tyler University Academy at Palestine Plan Title I, Part A

The UT Tyler University Academy (UTTUA) has one campus that qualifies for Title I, Part A targeted assistance which is the UTTUA at Palestine campus.

UT Tyler University Academy at Palestine will ensure that it coordinates its Title I, Part A program and District Improvement Plan with the following programs to eliminate program fragmentation and duplication.

- Title II, Part A
- Title III, Part A
- Title IV, Part A
- Individuals with Disabilities Act (IDEA)
- Rehabilitation Act of 1973
- McKinney-Vento Homeless Assistance Act
- ESSER II & III
- SCE

Program coordination is attained by ensuring that representatives with extensive knowledge of the above programs are represented on our District Committee and are a part of the planning, implementation, and monitoring of our District Improvement Plan. We also ensure that the needs related to each program are assessed and analyzed as a committee and utilized in the creation of the District Improvement Plan with representatives from each of the programs included.

UT Tyler University Academy at Palestine strives to provide a well-rounded program of instruction to meet the academic needs of all students. In addition to the required curriculum, the district takes steps to ascertain needs in this area through interest surveys to stakeholders, input from the district committee, curriculum committees and needs determined through data analysis to provide an enriched curriculum for our students that addresses reading/language arts, science, technology, engineering, math, foreign languages, civics and government, economics, art, history, geography, computer science, career and technical education, health, and physical education. These courses are evaluated each year to determine the effectiveness and ensure they meet the needs of students.

UT Tyler University Academy at Palestine has a committee that meets a minimum of each nine weeks to discuss students that are not performing successfully in their core subject area classes based upon report cards, progress reports, MAPS data, and CDAs. Interventions are discussed,

implemented, and monitored by this committee. A central list of students at risk of not meeting the challenging State academic standards is maintained at each campus by the campus director.

The district provides several intervention opportunities to assist students identified as at risk of not meeting the challenging State academic standards. After-school, small group tutorials, and in-class tutorial groups are provided. TEKs-aligned software with diagnostic, formative, and summative, as well as personalized, adaptable instructional activities, are provided and utilized by students.

UT Tyler University Academy at Palestine seeks to identify and implement instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning by working to continually improve the district and campus climate by providing additional counselors at each campus, instituting social-emotional learning through a K-12 SEL curriculum utilized at each campus, providing mandatory trauma-informed practice training for all new teachers and administrators. The district also utilizes PLCs on each campus to share expertise and work collaboratively.

Annually, during the spring and summer of each year, UT Tyler University Academy holds planning meetings to look at staffing across campuses and grade levels. Each campus takes teacher experience, certification, and effectiveness into account as class rosters for the following school year are set. From that point, campus administrators share findings from this process with the district. The district takes this information into account when considering staffing changes. It examines teacher experience, certification, and effectiveness regarding campuses with larger percentages of economically disadvantaged and minority students versus those without. Staffing changes are then made when inequity is found.

The LEA has a parent and family engagement policy which can be found at Module 400.05 (Parent and Community Policy). These policies are available on the district website uttua.org and are referenced in the student handbook which is acknowledged by all parents including those qualifying for Title I services each school year. The school board reviews and adopts policies on a rotating basis as needed. The UTTUA at Palestine campus design team evaluates the effectiveness of the campus parent family engagement plan each year, and makes recommendations to the school board as needed.

Eligible children are identified by UTTUA at Palestine as failing, or most at risk of failing, to meet the challenging State academic standards on the basis of multiple, educationally related, objective criteria established by the LEA and supplemented by the school. The 2022 - 2023 criteria used to designate a student as one who qualifies for Title I services is as follows:

- Student qualifies for free breakfast based on the 2022 socioeconomic Form
- Student is homeless according to 42 USC 11302

The UTTUA at Palestine campus utilizes an "Parent compact" to meet the requirements of the School-Parent Compact which outlines how parents, the entire school staff, and student will share the responsibility for improved student academic achievement and the means by which the school parents will build and development a partnership to help children achieve the state's high standards.

For the 2022-2023 school year the UTTUA at Palestine campus will use the Title I, Part A funds to support students of identified families by providing an after-school program and summer program through the Palestine YMCA, provide intervention within the school day, and provide needed school supplies. Please see the UTTUA at Palestine Parent Agreement for details about the program including time of service, transportation, and activities provided.

Each year during the back to school professional development the UTTUA at Palestine campus educates teachers, specialized instructional support personnel, principals, and other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school.

Each year the UTTUA at Palestine campus holds two annual Title I parent meetings on different days and times to inform parents of the school's participation in Title I, explain the requirements, and discuss the rights of parents to be involved. Additionally, the school will review the curriculum utilized at the school, forms of academic assessment used to measure student progress, the achievement levels of the challenging State academic standards, and how parents families will have opportunities, when requested, for regular meetings to provide feedback and participate, as appropriate, in decisions relating to the education of their student.. The plan is available to parents, the public, and the information contained in such a plan is in an easy to understand format.

At the beginning of each school year the LEA provides parents information via email on how the school's students' achievement on the State's academic assessments compared to students served by the local educational agency and the State.

UT Tyler University Academy at Palestine reviews disaggregated discipline data at the campus level to identify and address disproportionality or high rates of discipline. The district analyzes data for office discipline referrals, in-school suspensions, out-of-school suspensions, and expulsions to determine if disproportionalities exist. District-wide, UT Tyler University Academy has instituted trauma-informed practices to consistently prevent and address behavioral problems. The district is also implementing a Multi-Tiered System of Supports (MTSS) and integrating behavioral supports.

#### **Meetings Addendum**

Meeting Title:

UT Tyler University Academy at Palestine

Date: June 20, 2022

Time: 9:00 a.m.

Meeting Location: Campus

Individuals Present: Ummi Bodede, Aimee Dennis, Dr, Simmons, and All the faculty members of 2022-23 school year.

Meeting Minutes: The committee reviewed and revised our data from the 2021-22 school year. During this meeting, each group presented their narrative and identified some problems of practice. At the conclusion of the meeting, we shared found root cause analysis, creation of strategies to address the root cause benchmarks to gauge progress toward identified goals of the strategies.

Meeting Title:

UT Tyler University Academy at Palestine

Date: June 20, 2022 Time: 1:00 p.m.

Meeting Location: Campus

Individuals Present: All the members of our faculty, as well as Candy Bowman, Allen Buckland our new board member.

Meeting Minutes: We Completed our "Why", set goals, priorities, recommended strategies, and parent and family engagement plans in a Year at a glance format. This was presented at the district leadership meeting to gauge progress toward identified goals of the strategies.
